

## The Professional Series

# PT5 STANDARD

*"The World's first 5m Padel Kit Design"*

Our PT5 Standard turf is a British designed product and uses the latest texturized turf yarn technology with a higher than industry standard yarn dtex and a special SBR backing, ensuring durability all year around. This product is tested to the top industry standards making this the aspirational product for all clubs and with the revolutionary 5m roll kit design you have fast, hassle free installation with no cutting in of lines and no visible seam lines.

A premium product with supreme grip and durability with a cushioned underfoot catering for the needs of all the players in what is the world's fastest growing racket sport.

**STRENGTH IN PERFORMANCE** all year around.

AVAILABLE IN **BLUE** AND **GREEN** COLOURS
